

Wicken Fen Group End of Month July 2020

1. The fourth month, for continuity purposes, this is a report of no ringing by the Wicken Fen Group. Hopes were raised by the local NT management, only to find that volunteer groups continued to be prohibited. As for the previous three months, ringing totals for July are all zero.
2. To make this report even more sparse, there were no movements to or from Wicken Fen received this month from the BTO.
3. Writing this report on 11th August, I confidently predict there will be ringing to report in August.
